Install demonstrated by John P. Demonstrated to Colt, Colt chose this game system for us to use.
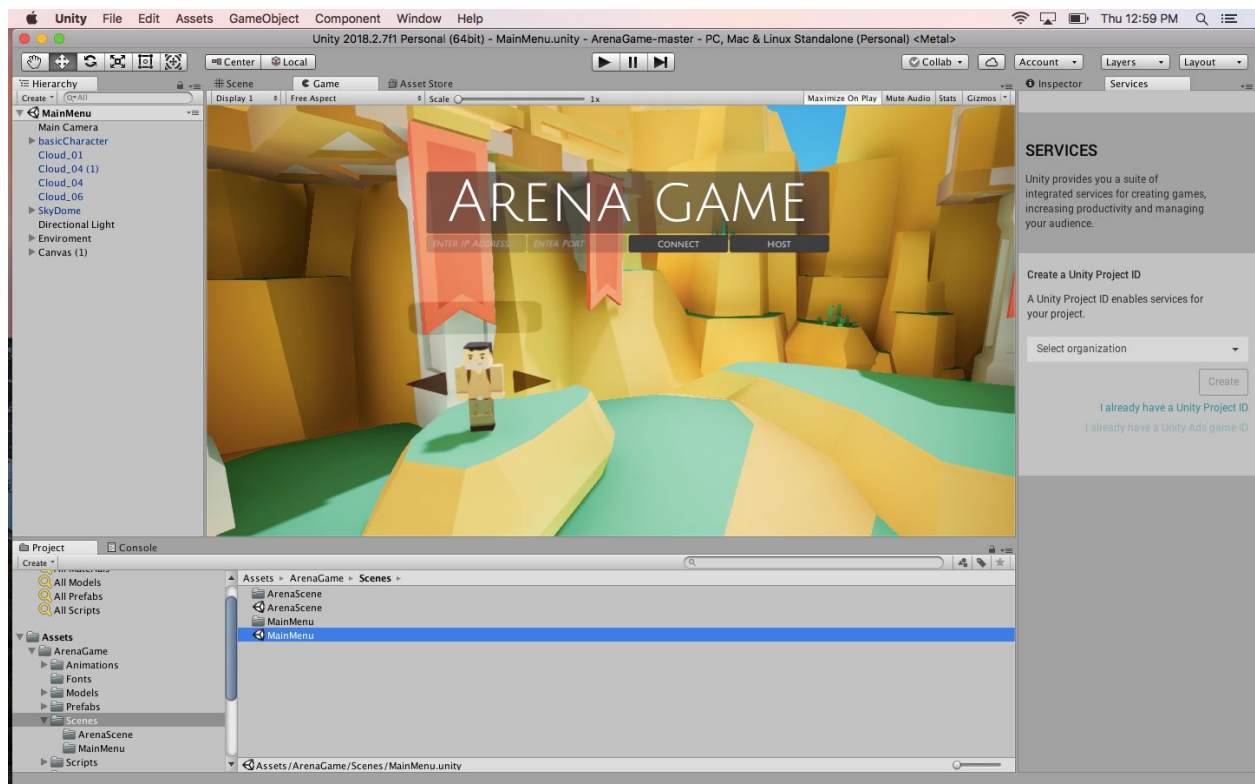

Install Guide for Arena FPS :

Download ZIP from this location :

https://github.com/NFMynster/ArenaGame

In Unity, open the project folder. Wait for the assets to be downloaded.

Once downloaded, navigate to ArenaGame -> Scenes -> Main Menu.

Select the Scene "Main Menu"

Click on the play button at the top of the screen.
